MENTORING PROGRAM

The Mentoring Programs continue to be a tremendous success. Looking ahead, we have a full calendar of programs.

We are offering this program to foster continuing education and support for practitioners. We encourage you to take advantage of this wonderful opportunity to deepen your experience of this timeless art.

The Mentoring Program provides in-depth, practical study in a small group setting with certified JSJ instructors. For one week, student practitioners will gather with one faculty member, and participate each day in six hours of hands-on, discussion and other study activities. Participants receive two sessions daily.
