Jin Shin Jyutsu Physio-Philosophy is an art rooted in ancient principles for harmonizing life energy in the body. Through its sequences of gentle touch on specific areas, called Safety Energy Locks, it can help to balance body, mind, and spirit.

Appropriate for people of all ages and states of health, it can be applied by a practitioner or used as self-help. Many clinics now teach and provide Jin Shin Jyutsu as complementary care, including UCSF Osher Center for Integrative Medicine.

Jiro Murai researched and developed this art in the early 1900s. After restoring his health from a terminal illness at age 26, Jiro devoted his life to studying and understanding the process that helped him. He passed his knowledge of Jin Shin Jyutsu on to Mary Burmeister, who brought it to the United States in the 1950s.

The purpose of this class is to develop a proficient/confident Practitioner of the Art of Jin Shin Jyutsu through the practical application of gentle touch. We will practice essential skills used in giving sessions: hands on, practitioner ergonomics, working with intuition, and beginning and ending a session. We will also explore and practice listening to pulses, body reading, ways of describing Jin Shin Jyutsu with clients, and learning the importance of self-care for both client and practitioner. There will be daily Hands On.

Sara Harper lives in Tucson, AZ with her family. Sara received her first session with Mary when she was fourteen in 1973. She has studied with Mary since 1983.
